## Feedback analysis 2018-19

23/12/2019

### Post – Graduate Feedback

A total of 64 post graduates responded to the feedback request

1. All post graduates were happy with the curriculum, and curriculum delivery
2. There were however concerns raised about relevance of course to program (8%), skills learned during PG Program (40%) and balance between theory and practicals (32%)
3. Students envisaged Interest
4. All other feedback collected from the post-graduates was on a positive note.

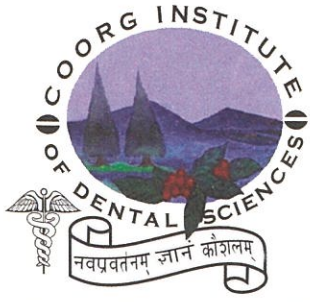

### Undergraduate Feedback

The Feedback from the undergraduates has generally been good. The following points of concern were compiled from the online feedback collected from the Graduate students. A total of 135 students responded to the Feedback request. Around 90 % of the students surveyed found the syllabus to be adequate/challenging, Most (80%) felt the course was easy/manageable. Teacher communication and encouragement of class participation was responded in positive by more than 85% of respondents, the areas requiring attention are listed below

- Around 12.5% of respondents have reported to be unsure about the Internal assessments.
- A number (5%) of students had difficulty in participating in the class
- Students have suggested that PBL be made mandatory

It has been decided to begin a training of teachers program and revisit the assessment process to rectify these

## ALUMNI FEEDBACK

Feedback collected by the departments from their post-graduate alumni were all on a positive note. A total of 21 alumni responded to a 12-point questionnaire, the only ratings which is less than average were on the of interaction with Non-Teaching Faculty which has been described as poor (3)..

## Feedback from Professionals

Feedback was collected from faculty visiting the institution as examiners and those that attend CDE programs. A total of 20 respondents were analyzed on a 8 question questionnaire with each question graded for 1-5, most respondents have given a grading of 4/5 for most of the questions , Faculty on all other notes were satisfied with the clinical and theoretical acumen of the students and felt their strengths are sincerity, communication and clinical skills.

## Feedback From Employers

Feedback was also collected from employers of our graduates for the year 2020-2021, a total of 22 employers responded to a 12-question questionnaire, all employers who responded have given a positive response to all questions on which feedback was requested.

## Feedback from Faculty

The faculty serving at CIDS were also asked to provide feedback on a 12-point questionnaire and the feedback received from 30 faculty is as follows. The faculty feedback has generally been Positive.

## Feedback analysis 2019-20

24/12/2020

### Post – Graduate Feedback

A total of 88 post graduates responded to the feedback request

1. Most post graduates (86%) were happy with the curriculum, and curriculum delivery
2. There were however concerns raised about skills and balance between theory and practical experience
3. They expressed interests in being trained in Insignia, Lasers, Microsurgery.
4. Lack of patient availability in the pandemic period was general.
5. Few department PGs also felt that Evaluation in exams was based on outdated exercises.
6. All other feedback collected from the post-graduates was on a positive note.

### Undergraduate Feedback

These are the areas which did not receive good reviews from the compiled feedback collected from the Graduate students, feedback from other areas is satisfactory. A total of 155 students responded to the Feedback request. Around 82.5 % of the students surveyed found the syllabus to be adequate/challenging, Most (80%) felt the course was easy/manageable. Teacher communication and encouragement of class participation was responded in positive by more than 85% of respondents, the areas requiring attention are listed below

- Around 17.5% of respondents reported insufficient library facilities while other (82.5%) found them adequate.
- A number (53%) of students had difficulty in getting the prescribed reading done
- Non-clinical batches reported that the ECC program was beneficial and that the Internal exams are largely useful.
- Students have raised concerns about the lack of clinical exposure
- Students have suggested that PBL be made mandatory

The lack of clinical exposure is a universal phenomenon with the entire country being locked down for over three months and patients worried about visiting healthcare institutions there was bound to be this feedback, the library committee is also advised to improve the library facilities

## **ALUMNI FEEDBACK**

Feedback collected by the departments from their post-graduate alumni were all on a positive note. A total of 60 alumni responded to a 12-point questionnaire, the only ratings which is less than average were on the curriculum prescribed (10), academic initiatives (10) & on Library and Learning Resources, on the question of interaction with Non-Teaching Faculty.

## **Feedback from Professionals**

Feedback was collected from faculty visiting the institution as examiners and those that attend CDE programs. A total of 20 respondents were analyzed on a 8 question questionnaire with each question graded for 1-5, most respondents have given a grading of 4/5 for most of the questions, Faculty on all other notes were satisfied with the clinical and theoretical acumen of the students and felt their strengths are sincerity, communication and clinical skills.

## **Feedback From Employers**

Feedback was also collected from employers of our graduates for the year 2020-2021, a total of 22 employers responded to a 12-question questionnaire, all employers who responded have given a positive response to all questions on which feedback was requested.

## **Feedback from Faculty**

The faculty serving at CIDS were also asked to provide feedback on a 12 point questionnaire and the feedback received from 58 faculty is as follows. The Faculty have raised concerns about the contemporariness of the curriculum taught and also its validity in real life scenarios. A few have also opined that there is an imbalance between theory and practicals and lack of time for co-curricular activities

## Feedback analysis 2020-21

2020/12/2021

### Post – Graduate Feedback

A total of 82 post graduates responded to the feedback request

1. Most post graduates (100%) were happy with the curriculum, and curriculum delivery
2. There were however concerns raised about skills and balance between theory and practical experience
3. All current postgraduates show interest in and want to be trained in Invisalign, Cleft orthodontics, surgical and lingual orthodontics
4. They expressed interests in being trained in LASERS, Implants and Facial reconstruction.
5. Lack of patient availability in the pandemic period with regards to implants.
6. Few department PGs also felt that dated clinical exercises were used in examinations and they would like to be trained and tested in contemporary techniques instead.

All other feedback collected from the Post-graduates was on a positive note.

### Undergraduate Feedback

The following points of concern were compiled from the online feedback collected from the Graduate students. A total of 158 students responded to the Feedback request. Around 80 % of the students surveyed found the syllabus to be adequate/challenging, Most (90%) felt the course was easy/manageable. Teacher communication and encouragement of class participation was responded in positive by more than 85% of respondents, the areas requiring attention are listed below

- Around 20% of respondents reported insufficient library facilities while other (80%) found them adequate.
- A number (53%) of students had difficulty in getting the prescribed reading done

However, the fact remains that because of various pandemic related lockdowns and changes in the counselling process these students have been generally educated online (Close to 80% of syllabus) could this be the reason for these issues, would have to be examined.

## **ALUMNI FEEDBACK**

Feedback collected by the departments from their post-graduate alumni were all on a positive note. A total of 33 alumni responded to a 12 point questionnaire, the only rating which is less than average is on the question of interaction with Non-Teaching Faculty.

## **Feedback from Professionals**

Feedback was collected from faculty visiting the institution as examiners and those that attend CDE programs. A total of 45 respondents were analyzed on a 8 question questionnaire with each question graded for 1-5, most respondents have given a grading of 4/5 for most of the questions , the following suggestions have also been given.

- Textbook and journal reading should be made compulsory once a week to keep them in touch with hard copy reading.
- Faculty have encouraged students in research activities.
- Quality of Lateral Ceph. Radiographs to be improved
- One examiner had a poor experience with the accommodation provided

Faculty on all other notes were satisfied with the clinical and theoretical acumen of the students and felt their strengths are sincerity, communication and clinical skills.

## **Feedback From Employers**

Feedback was also collected from employers of our graduates for the year 2020-2021, a total of 15 employers responded to a 12-question questionnaire, all employers who responded have given a positive response to all questions on which feedback was requested.

## **Feedback from Faculty**

The faculty serving at CIDS were also asked to provide feedback on a 12 point questionnaire and the feedback received is as follows. The Faculty have raised concerns about the contemporariness of the curriculum taught and also its validity in real life scenarios
