CONFERENCE

UITM, MALAYSIA 2016

COORG INSTITUTE OF DENTAL SCIENCES

REPORT OF INTERNATIONAL VISIT

Collaborating Agency :UITM, Malaysia

Participant : Dr. Sunil M

Year of Visit : 2016

Universitas Teknologica Mara , a world class university hosted a conference to discuss the importance of dental technology. The participant was a part of the panel that chaired multiple sessions. This programme was interactive and was a three day event held on 17, 18 and 19 of November 2019 . The university had multiple stall worths in the field of dentistry presenting and chairing scientific sessions . The panelists along with the participants had a very educative time during the sessions.

FACULTY EXCHANGE

MAHIDOL UNIVERSITY 2016

COORG INSTITUTE OF DENTAL SCIENCES

REPORT OF INTERNATIONAL VISIT

Collaborating Agency : Mahidol University , Bangkok

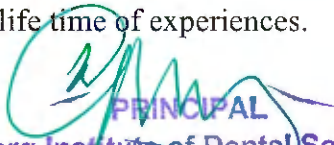

Participant : Dr. Basavaraj s

Year of Visit : 2016

Duration of Visit : 2 weeks

The Visit to Mahidol University, Thailand was indeed a very memorable one. The visit to the Department of Prosthodontics , Faculty of Dental Sciences was for a period of two weeks , from the first of march to the 14th of march. The faculty exchange programme started on the first of march. Thailand was a very welcoming country and it was a pleasant stay for the 2 weeks duration there. The trip included visit to the department of prosthodontics. The opportunity provided helped to give a sneak peek into the daily working of the department as well as the institution , the work flow and the ethics followed in the institution. There were extensive observations made in fixed and removable prosthetic rehabilitations of the oral cavity. A strong maxillofacial treatment plan was also observed and understood. The visit also exposed the participant to a multitude of recent advances , study models , seminars and departmental activities.

A cultural exposure to the diversity of Thailand and Thai cuisine occupied the participants in the evenings. The various cultural art forms, famous tourists destinations of Bangkok including the shopping and cultural districts , The Buddhist monasteries and temples were also a part of the visit. The participant also got as chance to experience the world famous Thai cuisine as well. The visit was a very memorable one and enriched the participant with a life time of experiences.

**REPORT OF INTERNATIONAL VISIT AND
COLLABORATION**

CONFERENCE

PRIM AND R , ANAHEIM , USA 2016

COORG INSTITUTE OF DENTAL SCIENCES

REPORT OF INTERNATIONAL VISIT

Collaborating Agency :Primer's Advancing Ethical Research,California

Participant : Dr. Bhakti Jadhuram

Year of Visit : 2016

Duration of Visit : 5 days .

The visit to California in association with Primer's was indeed inspiring and effective in further research. The conference was a 5 day conference from 12th November 2016 to 17th November 2016 at Anaheim Convention centre , Anaheim , California , USA. The conference was the 2016 Advancing ethical research conference which also included pre conference modules.

PrimR works to support human research protections programme and other institutional ethics committee. The Visit included a half day pre conference workshop on integrity in research and to be a panellist for a presentation session . The conference attracted world wide scientists from the fields of Public Health Dentistry. There were multiple sessions which included a host of interactive sessions regarding ethics , IRB, SERB, Biobanking , vulnerable populations and innovations.

A small city tour of Anaheim and Los Angeles was also an add on to the visit . It helped the participant to view the western culture and learn more regarding North America. A short trip down the Hollywood space and the boulevard were also pretty exciting.

CONFERENCE

UNIVERSITAS INDONESIA 2017

COORG INSTITUTE OF DENTAL SCIENCES

REPORT OF INTERNATIONAL VISIT

Collaborating Agency : Universitas Indonesia

Participant : Dr. Sunil M

Year of Visit : 2017

The visit to Jakarta Indonesia was an interactive session. The one day session on 16th of October 2017 was interesting and included an oral presentation on the topic cleft lip, cleft palate and naso alveolar moulding. The presentation was very interactive and had presenters from different parts of the world. Multiple lectures and sessions on various topics which included multidisciplinary approach to management of cleft lip and palate . The importance of naso alveolar moulding and the important age milestones of NAM was also a part of the interesting discussion that was held.

The cultural show put up at the university which portrayed the cultural diversity of Indonesia was also an amazing eye catching event.

STUDENT EXCHANGE

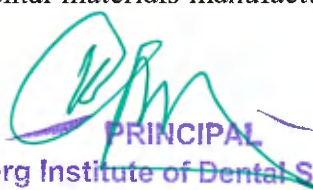

TSURUMI UNIVERSITY , JAPAN 2017

COORG INSTITUTE OF DENTAL SCIENCES

DEPARTMENT OF ORAL MEDICINE AND RADIOLOGY

REPORT OF THE TRAINING OF THE POST GRADUATE UNDER INTERNATIONAL SCIENTIFIC EXCHANGE

Three of the post graduates from the Dept. of Oral Medicine and Radiology, Dr.Abinayashri R .V final year post graduate, Dr.Yeshoda T.G final year post graduate and Dr.Deepthi T.R second year post graduate had visited the Tsurumi University, School of Dental Medicine during the period from February 6th through February 17th 2017. They had visited the Department of Oral Medicine, Department of Oral and Maxillofacial Radiology and Diagnosis and Department of Pathology and Stomatology. At the Maxillofacial Radiology department they were trained in the CBCT of Maxillofacial region with more emphasis on Interpretations. In the Department of Oral medicine they got to observe and discuss exclusive oral carcinoma cases diagnosis and the management. In the Somatology Department they got exposed to the recent advances in the field of Salivomics. During their extra-curricular hours they got to know more about the Japanese culture and they also underwent sessions in Zen Zen Meditation. They also got to experience wearing the traditional Japanese attire Hakimono. They also had the taste of traditional Japanese cuisine. They also visited the GC head office and they learnt about the Orthopantograph machines, Cone Beam Computed Tomography machine and Research and Design of various dental materials manufactured by GC Company.

CONFERENCE

JITMM, BANGKOK 2017

JITMM 2017 CONFERENCE REPORT

Mahidol University along with other institutes conducted Joint International Tropical Medicine Meeting (JITMM) 2017 held at Amari Watergate, Bangkok, Thailand from 6-8 December 2017. Theme was Tropical Medicine 4.0 effective collaboration for an impact on global health. This conference has opened up new avenues of thought processes. Over 800 participants from 36 countries across the world joined the meeting with 140 oral presentations and 120 poster presentations from professors, researchers, scientists, and students both national and international institution. The conference was excellently organized. JITMM 2017 is a huge platform of presentations on varying topics of tropical medicine. This conference provided all of them with full opportunity for constructive dialogue with varied professionals who are actively participating in this event. This conference was an ideal platform for presentation of work because it is an international meeting, consisting of health professionals, students and researchers of varied specialties.

Presentation: Scientific poster titled : Tiny beasts with killing effects!

Subject :- Feedback on the overseas conference attendees

We had a pleasure for attending the UG paper convention that was conducted in UITM, Malaysia on 8th April 2017 was a experience that we would always cherish and remember. As we landed in the airport on 8th April 2017, we were greeted by the student official from the UITM campus. We had 3 students from the student officials waiting for us as we arrived the international terminal. They took us for breakfast after the long flight that we had which was refreshing. Then, Mr Nigam, Giselle, Anu & me were taken to the hostel that we stayed till the UG convention. The accomodation provided was perfect as we were surrounded by other medical & dental student who shared the same goal & aspiration. Interaction with them got us see a different side of the profession that we haven't experienced.

Next day, we were invited to meet the staff of the UITM campus and to see around the college. We got to see the different rooms & clinics that they had and also got to experience the treatment plans how it varied from one department to other. Two hand department which was unique experience for us. The pre-clinical department with the hand-on teaching experience that they offered was on of a kind. Staff were very friendly & gave advices that we could implement in our treatment plan & patient comfortabil. As we exited the department cherishing the unique perspective that we acquired, we were again greeted by the student official who took us out to see different landmarks & historical view of Malaysia. The development of the country with the amazing infrastructure, malls, shopping complex etc got us & the student who came along with us closer. The racial diversity & kindheartedness of the people with their co-operation towards us got us fall in love with Malaysia. Next day, the program that we were waiting for came, the UITM UA student convention. Different students from India as well as Malaysia come to present their unique presentation & research topics that they had taken the time and effort to search on were discussed. The judges were amazing individual that were the best in their field sat and cross examined ^{each} which presentation & topic that was presented to them without any bias or favourism. As we four presented our original research to this panel of judges, they cross examined each part of the presentation & were curious to know more about it. We, 4 were offered to continue our further research

As the 2 days of UG convention were coming to a close, we got to experience the other papers presentation & poster presentation & other events. We got exchange ideas & topics with each other. As the convention came to a close, we told our goodbyes & fare well to the amazing staffs & students that helped us out all throughout our journey in the campus and our their countries, it was hard for us.

They invited us again for the student exchange program in respect to their clinical experience & their future paper convention that they will be conducting. We were taken to the airport along with the student officials back & waited till we got into immigration.

The experience to be in Malaysia & more over in UTM had been one of a kind. The exposure & the treatment methods were something we could take back home.

The paper presentation and the amazing ideas that they brought forward made us think about the research possibility to a whole new prism of light. Surely some day, we would love to go back to meet the amazing people & surely present another paper in the dias in front of the amazing judges & students.

Thank you for all that you have done for us in Malaysia & hope see in our campus in CIDS,

Coorg soon

Yours sincerely

INTERNATIONAL VISIT

UITM, MALAYSIA - 2017

Participants: Sneha, Ramas, Suchisya, Rajan, Mivud R, Aditya K, Neethu Varghese, Jyothi Krishna.

The fifteen day visit to Kuala Lumpur, Malaysia, Universiti Teknologi Mara (UITM) 2017 was a very informative and happening visit.

As an intern it was a great opportunity to expose ourselves to the international clinical practices and techniques. We had a great time working with the professors and students of their college. We were able to attend many theory classes which exponentially helped in improving our knowledge and in depth details of clinical practice.

We were also privileged with the opportunity to work with regional patients.

I whole heartedly extend my gratitude towards CIPS for providing us with such a great opportunity.

UITM, MALAYSIA 2018

REPORT ON INTERNATIONAL VISIT

I, Shringa Anasitheshwari K.N studying in third BDS, Coorg Institute of Dental Sciences Vijaypet was absolutely honoured to have had the opportunity to attend the dental Symposium at Universiti Teknologi MARA - UiTM, Sungai buloh, Malaysia.

This was truly an opportunity of a lifetime as I got to present a ~~case~~ report a paper on Modified Hawleys appliance with 2 spring in front of renowned judges and students from different parts of the world.

We also got to sit through various presentations, debates and anatomy classes and get an idea of how the same thing is taught/interpreted in ~~a~~ different ways and ^{it} opened our eyes to new experiences. We had the opportunity to observe and work at the dental simulation laboratory of the institution which was a very exciting experience all together.

Last but not the least we made friends from different parts of the world, some of my friends being from Malaysia and Cambodia, speaking to people ~~about~~ from different parts of the world about ~~our~~ a common link we had - that is dentistry is an experience I will cherish and be

grateful for forever. A big thank you to my college for this opportunity.

Subject :- Experience at student exchange, Jakarta,
Indonesia

The visit to Universitas Indonesia, Jakarta was a very memorable student exchange programme. There was a host of different activities conducted by the faculty of dental sciences. The fifteen day exchange held between 13th & 30th Sept 2018 also included opportunities to observe the dental settings. There were also seminars & workshops that were conducted to broaden the understanding regarding dental Public Health.

The stay also provided an opportunity to explore Indonesian culture, cuisine & the floating market

Thanking You
~~Respectfully~~

INTERNATIONAL VISIT

FACULTY OF DENTAL SCIENCES, HONG KONG

Dr. Sri Havi, Dr. Sajira Latif and Dr. Anshu Jayadwan visited the faculty of dental sciences, Hong Kong University for a student exchange programme from 26th November 2018 - 8th December 2018. The student exchange was informative and gave a new outlook towards pediatric and preventive dentistry.

The two weeks of stay in Hong Kong was extremely informative and had ~~a~~ hands on workshops. There were also opportunities for observing procedures on child and adolescent patients. The museum in the department was also a sight to see.

The stay also included a beautiful visit to down town Hong Kong and the Hong Kong harbour. They also got a peek into the Cantonese culture and Cantonese Cuisine.

Respected Sir,

Subject: Experience at UITM, Malaysia

There is always a first time for everything and this was the first international visit i ever had. I convey my gratitude to the dean and associate dean for co-ordinating a student exchange programme in UITM, Mara, Malaysia.

It was such a delightful experience and the organisers were really compassionate and they made sure we had a homely atmosphere there. Special thanks to Dr. Annapoorni Venkiteshwaran and  PRINCIPAL

second malaysian conference on clinical hypnotherapy and also present a poster on the topic nitrous oxide conscious sedation. A special token of gratitude to Dr. Mas Suniyalis for giving us an opportunity to explore the world of special care dentistry in both pediatry and geriatry. I got a good exposure to upgraded clinical infrastructure including CBCT as well as nitrous oxide conscious sedation procedure. It was like a cherry on top that they even gave us opportunity to interact with the public ^{as a part of} ~~the~~ community health programme.

I strongly recommend all the aspirants not to miss this golden opportunity.

Thanking You

Sub: International student exchange program experience

It was during the final year of post-graduation we got the opportunity to visit University Technology Mara ,Malaysia. Our visit to UiTM has been a wonderful experience that helped us in widening our theoretical and practical exposure.

The first day involved us participating in poster presentation competition in which we showcased our experience with dietary practices and caries experience in special children of Cheshire home, Coorg, in the form of a poster. During the competition not only were we able to explore their views and perspectives, we were also able to observe other interesting concepts presented by fellow poster competitors. We were acknowledged with third prize in the event.

The next few days we were able to attend the lectures and clinical departments of the university. This helped us in imbibing their teaching methods, clinical practice, sterilization procedures and protective measures taken.

The highlight of these sessions were our exposure to conscious sedation. We were able to undergo the procedure as well as perform it on our colleagues. This helped us in better understanding the procedure from a patient's perspective too. We also discussed our experience with cases done under conscious sedation in our department.

Another interesting exposure was to hypnosis session. They spoke about the course available and the training required to perform it. We were able to undergo the session for a short while.

There were dental camps conducted during our stay there, which we attended and contributed our service too.

Different clinical departments were visited and sufficient hours spent to observe their practice and significant time spent with the pediatric dentistry department. We were able to have enlightening interaction with Dr.Shobha Tandon who shared her knowledge and experience in Pediatric dentistry which is a very treasured memory for us.

Our stay was made comfortable and taken care of by their friendly staffs and students.

We took back a good exposure to pediatric dentistry on an international level.

We would like to thank our Dean and Associate Dean for giving us this opportunity and exposure . Thanking You .

Yours faithfully,

Respected Sirs,

Sub: Regarding my experience on student exchange program.

I await with eager anticipation to share with you my experience on my student exchange program at UTM, Kluang, Malaysia which was scheduled from November 1st - 10th, 2018.

Firstly, I would like to thank our Respected Dean and Associate Dean, CIDS, for giving such a platform for me and also for making me a part of this student exchange program. Without your support and guidance, this wouldn't have been possible.

I had absolutely no experience with an international trip before, thus the reason for my excitement was beyond boundaries.

My visit to UTM, Kluang, Malaysia has made me to experience much more than my

Principal

TSURUMI UNIVERISTY , JAPAN 2018

Coorg Institute of Dental Sciences, Virajpet

Visit to the Department of Biochemistry, Tsurumi University

Dr. Shashidara R Prof. of Oral Pathology and Dr. Richard Austin from the department of Biochemistry from the Coorg Institute of Dental Sciences, Virajpet visited the department of biochemistry at the Tsurumi university school of Dentistry between 15th to the 30th of October 2018.

They reached Tsurumi via Tokyo on 15/10/2018 and were placed in the Tsurumi university guest houses for the rest of their visit. They had a welcome dinner organised by the department of biochemistry and presided by the president of Tsurumi university.

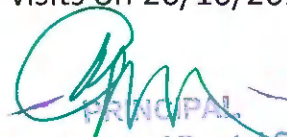

The next two days were dedicated to registering the visitors and introducing them to the various parts of the university.

From 17/10/2018 they were engaged in the laboratory of Dr. Yasuo Yamakoshi learning techniques of cell culture and PCR analysis including qualitative PCR analysis.

Time was also spent on discussing a collaborative research project on senescent fibroblasts and green coffee bean extracts which would be taken forward when Dr. Tamaka Hattori visits Coorg Institute of Dental Sciences in February of 2019.

The faculty exchange also included cultural exchanges such as visit to Mt. Fuji, visit to the multicoloured slopes of Nikko etc along with simple demonstrations of India Cooking.

The visit concluded with a farewell dinner and courtesy visits on 26/10/2018.

PRINCIPAL
Coorg Institute of Dental Sciences
VIRAJPET, PIN - 571 218

This visit was made possible through the MOU existing between the two institutions and the efforts of Dr.Sunil Muddaiah Dean CIDS and Dr. Satoshi Nagasaka refugee project director tsurumi university.

The Collaborative research on the green coffee bean extract and senescent fibroblasts is in the initial stages of green coffee extraction after the first lot dispatched did not reach Japan.

Subject - Student Exchange Programme - An enlightening
Experience.

Respected Sir,

I am writing about my experience of being an exchange student in Mahidol University. The Faculty of Dentistry, Mahidol University offers its best students a great opportunity to become a participant of an exchange programme during the Summer of 2018. It almost feels like as if it was just yesterday when I was on my own on a plane not really knowing what to expect but excited for what the future had for me. Now I am back with tons of memories, experiences and lots of stories. It is impossible to list out all the experience and help I would like to share in brief my experience in Mahidol University, Thailand.

PRINCIPAL
Coorg Institute of Dental Sciences
VIRAJPET, PIN - 571 218

I have spent three great weeks in Maxillofacial Prosthetic clinic, Faculty of Dentistry, Mahidol University. It was glad to know that they have a department which exclusively deals with the treatment of Maxillofacial defects. I was very pleased to see the number of patients visiting the department for treatment.

As usual our day used to begin with Seminars, presented by post graduates of the department. It was very interesting and informative as they used to cover a topic or discuss their own case. The Seminars always ended with discussion between the students and staff and I am very glad that I was also a part of this discussion which helped me gain a lot of knowledge, ideas and build a rapport with the students and staff.

This was followed by the most exciting part of our course - THE HANDS ON, which we were all waiting for. We got an opportunity to make wax patterns and fabricate prostheses of nose, eye and ear with maxillofacial silicones. I always had a doubt about how the prostheses in been stained and coloured to give a natural look which blends well with the patient's adjacent area. This dilemma was made very clear by the staff and technicians who were guiding us in each and every step of manipulating the materials.

Followed by hands on was demonstration of making impression of maxillofacial defects and observation, where I got to see patients with various types of maxillofacial defects and their treatment options like from removable to fixed prosthesis with Implants.

Another highlight of this programme was demonstration of various digital impressions, obtaining the cast and prosthesis with CAD CAM which was very interesting and informative.

Finally I also got an opportunity to visit one of the largest Dental Simulation Centres. I was very amazed to see the DentSim and I feel it is the best platform for a beginner to start with Dentistry.

The exchange programme was ended with presentations. We were asked to choose some cases from our College and present them. This was really a good experience as we could discuss the treatment options. We were appreciated for our presentation and the clarity which was very satisfying.

This exchange programme provided a unique opportunity to us to gain an international perspective on dental education, health care system and local culture. Perhaps most importantly however we have now formed

Principal
Coorg Institute of Dental Sciences
VIRAJPET, PIN - 571 218

connections and created lasting friendships with the Dental professionals over there.

Here, I would like to thank our respected Dean and the Faculty members for giving me an opportunity to visit this programme and acquire knowledge regarding the various aspects of Maxillofacial Prosthesis virtually both theoretical and clinical exposure.

Thanking you.

Yours Sincerely,

Palavi

Respected sir,

Sub: Feedback regarding student exchange program to Vitm

Firstly, I would like to thank CIDOS for giving me this opportunity to attend the student exchange program to Vitm.

It was a wonderful experience and a great opportunity to learn and know about the culture of the country, their standard of living, to be a part of their program held in Kiwanis centre for down syndrome and to experience their wonderful hospitality.

My overall benefit and observation from Vitm was more to watch and learn and discussion of couple of topics in oral biology.

It would have been great, if we could have got some more experience in the biosimulation labs by better scheduling and communication from their end.

Once again, thanking you for the great opportunity

Yours sincerely,

Haujiya H.R.

**Subject : Regarding the overseas visit to UiTM and Segi University, Malaysia, in September
2019**

Respected Sir,

As mentioned above, on 21st September 2019, we three of us K.M. Kushalappa, Haripriya H.R, and myself N. Theertha Devaiah boarded our flight at 12:00pm from Kempegowda International Airport, Bengaluru. We reached KL at around 6:30pm and were welcomed and received by one of the student of UiTM. We were safely taken off to the Uitm campus. Later he accompanied us till our villa, where we were actually supposed to accommodate during our rest of the stay.

We were provided with a schedule and accordingly we had a Welcoming orientation and briefing at the faculty of dentistry, UiTM on Monday, 23rd September 2019. Later we were taken to the Simulation lab and had a look around as to how the students were working over the access cavity preparation. In the upcoming days we did attend quite a few Oral biology classes as well, which were really interesting. Everything went on smoothly. Only drawback being we were not really provided with the opportunity of Hands On in the stimulation lab and lectures on few topics of Oral biology as informed earlier.

PRINCIPAL
Coorg Institute of Dental Science
VIRAJPET, PIN - 571 218

During our stay at the UiTM, the hospitality provided by them was wonderful. The students and staff were really very cooperative. Especially the students were very kind and did oblige for everything we did asked for.

Our visit to the Segi University was a great experience as well. We were accompanied by Dr. Anand. As of my personnel experience our visit to Segi University was really excellent when compared to UiTM.

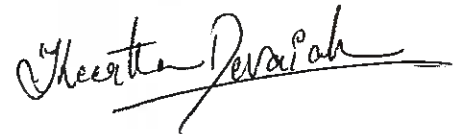

During our leisure we did go around a lot of famous tourist places in and around KL. It was really fun a time. I did learn quite a few interesting things regarding the "Malay" culture, language, tradition, food and many more.

It was really a very different and a wonderful experience for life in all aspects including the academics. I would like to thank our Dean Dr. Sunil Muddaiah for providing us with such a wonderful opportunity. Also my heartfelt regards to Dr. Shanthala B.M, without whose guidance all these was not possible.

Thanking you,

Yours Faithfully,

Dr. Sajesh Raj

Final yr postgraduate

Dept. of oral and maxillofacial surgery

CIDS, Virajpet.

Sub: - Overseas experience in Peradenia university, Sri Lanka

Sir,

I'm thanking you for giving me such an opportunity to visit Peradenia university, Sri Lanka. It was such a good experience to be a part of Peradenia university for 15 days. I could be able to attend their oncosurgeries, Trauma management, reconstruction procedures, microvascular surgeries in their well equipped operation theatres. Staffs, registrars, doctors over there were so knowledgeable and taught us so many things that could be beneficial for my future practice. I felt, I've to learn so much of things like ward procedures, ICU duties, theatre protocol after seeing their management. I don't have words to say about their oral pathology dept and cancer research centre. That much academic work and research is going on every day. I should thank

Practical

families receive the benefits of Peradenia university.
Once again I'm thanking you, associate dean of
our institute, dean of Peradenia university, all the
teaching and nonteaching staffs, registrars of Peradenia
university To give us such a wonderful opportunity and
platform to learn and experience the academic and
clinical programme.

Thanking You,

Virajpet
23 September 2019

Yours faithfully
Sajesh

STUDENT EXCHANGE

UNIVERSITAS INDONESIA 2019

20/11/19,

C105.

From:

Dr. Mathurathi. K.,
Post Graduate,
Department of Public Health Dentistry,
Coorg Institute of Dental Sciences.

To

The Associate Dean,
Council of Foreign Student Exchange,
Coorg Institute of Dental Sciences.

Respected Madam,

I, Dr. Mathurathi. K. [1st year Postgraduate] from the Department of Public Health Dentistry have attended the student exchange program in 'Universitas Indonesia', Jakarta from October 9, 2019 to October 27, 2019. This opportunity helped me mould my carrier by allowing me to learn dentistry from a different country's perspective. This allowed me to watch and learn from dentists of Universitas Indonesia, attended community health centres, dental camps conducted by the university. Apart from Profession, I got to learn and explore Indonesian culture. The students and the teachers were very kind and Patient enough to teach me everything. This was truly a lifetime memory for me.

PRINCIPAL
Coorg Institute of Dental Sciences
VIRAJPET, PIN - 571 218

effort put by our respected Dean Dr. Suresh sir,
Dr. Shanthala Mam and my HOD Dr. Jithesh sir.
I would like to thank from the bottom of my
heart for giving me this chance to explore and
learn from other side of the world.

Yours faithfully,
Mathurath

TO,

The Dean,

Coorg Institute of Dental Sciences
Virajpet

Sub: Feedback of overseas visit

Respected Sir,

I, Dr. Navaneethakrishnan.V, II year post graduate student, Department of Oral medicine and Radiology, had the opportunity to be a part of student exchange program with the sister university of CIDS, Universitas Indonesia for a period of almost one month (8/10/2019 - 26/10/2019). I understood the beautiful Indonesian culture and also got the opportunity to do an observationship in the department of Oral medicine as well as in department of Maxillofacial Radiology. I learned a new technique in the field of Radiology.

PRINCIPAL
Coorg Institute of Dental Sciences
VIRAJPET, PIN-570 218

taking this opportunity to thank my beloved
Dean, Associate Dean and Head of the Department
for giving me this wonderful opportunity and
I am proud to say that I am a student
of Coorg Institute of Dental Sciences

Thanking you,

Yours Respectfully

Abhinav

COLLABORATION**

CONFERENCE

IOS, RUSSIA 2019

Coorg Institute of Dental Sciences

Department of Orthodontics & Dentofacial Orthopedics

Report of Mid Year Convention, Russia.

Dr. Goutham Reddy, Professor and Head, Department of Orthodontics and Dentofacial Orthopedics had attended the Mid Year Convention of the Indian Orthodontic Society organized at Hotel Indigo, St. Petersburg, Russia between 6th to 12th August 2019. During his visit he attended guest lectures and he also got to interact with many orthodontist from different parts of South east Asia & the European countries. He also got to enrich his knowledge by exchange of ideas with his contemporary from various countries. During his week long stay at Russia he got time to visit the Bolshoi Theatre, The Moscow Kremlin and St. Petersburg Church and he also got to learn the prevailing customs and traditions in Moscow. None the less he had a good experience of the local Russian cuisine during his memorable & pleasant stay at Moscow.

Dr. Shanthala B M shanthalapedu@uitm.edu.my Wed, Feb 11, 2015, 4:55 AM

at Supl. Prof →

Dear Prof Ibrahim Abu Hassan

We have selected two students presenters for the presentation at 5th Dental students Symposium in UTM, Malaysia on April 15.

The selected topics are:

- 1-The loops revisited a removable appliance
- 2- Evaluation of effectiveness of manipulation tools in digital radiography - A panoramic radiographic study

The abstracts are structured as per the guidelines and the presenters are undergraduate students from 4th year BDS students- Munisha Aklay & Divyashree.

Please find the abstracts in the attached file & suggest if any corrections required.

We are yet to plan our travel dates, will let you on finalizing on this.

Await your reply.

Warm Regards

Dr B.M. Shanthala

Dear Dr Sunil,

Kindly find the attached abstracts that have been reviewed and few suggestion from the reviewer. These abstract will appear in the "Programme Book" of the upcoming symposium, therefore we advice the authors to pay some extra attention on the scientific content, English language and format of the abstract. I also attached here the abstract's guideline for the author's reference.

We hope to receive the final abstracts from the authors by Wednesday (6th April 2016) for the purpose of compiling and printing of the Program Book.

Many thanks,
Symposium Organising Committee

Prof Sunil Muddaiah (sunil@cids.edu)
Coorg Institute of Dental Sciences, India

Dear Prof Sunil

INVITATION TO PARTICIPATE IN THE 8th DENTAL STUDENTS SCIENTIFIC SYMPOSIUM 2018, UNIVERSITI TEKNOLOGI MARA, SUNGAI BULOH, MALAYSIA 2-3 APRIL 2018

Warm wishes from the Faculty of Dentistry, Universiti Teknologi MARA.

We would like to invite your undergraduate students to participate in our 8th Dental Students Scientific Symposium 2018.

The symposium is scheduled for **2nd & 3rd of April 2018 (Monday & Tuesday)**. This symposium provides a golden opportunity for dental students to gain valuable experience that will enhance their knowledge in research, improve their communication skills and allow them to interact with others that have similar interests. We look forward to your participation in this symposium to foster a good relationship among the researchers and other participants.

A fee of USD 60 USD will be incurred for two students. The fee will cover registrations, accommodation for three (3) night airport transfer and meals during conference. We will provide complimentary registration for a presentation which may consist 1-2 students. This includes accommodation, airport transfer and meals during the event 2-3 April 2018. A registration fee of USD 60 will be incurred for additional teams if more than 1 pair are interested to participate.

Dateline of abstract submission is on **15th of March 2018 (Thursday)**. Kindly email the final abstract to fatihah8096@uitm.edu.my. Attached with this letter are the abstract guidelines for your reference.

Thank you for your participation.

2nd February 2018

Dear Dr. Dewi Farida,

Re - Invitation for the "QUEST" Pan Global Symposium; 27th and 28th February 2018.

On behalf of the International Dental Educationists Association and the Organising Committee; we wish to invite you to attend the 2nd Pan Global Dental Research Symposium under the aegies of International Dental Educationists Association on the 27th and 28th February 2018 hosted by the Coorg Institute of Dental Sciences, India.

The International Dental Educationists Association was initiated by the Coorg Institute of Dental Sciences to face the future challenges of Dental Education and Research free of borders. The founding principals of International Dental Educationists Association is to encourage Research from the nascent stage in the minds of young dental students. It will also focus on a balance in dental curriculum, student fee structures and dental practice across continents in an era of integration. Artificial intelligence slowly but steadily replacing manpower is another area that demands candid research and momentum.

We look forward to welcoming you at the symposium and to enjoy our hospitality.

Dear Frances

In continuation to our previous correspondence in August, would bring to your notice that:

1. Three postgraduates (Dr Anusha Jayadevan, Dr Shrihari N.C and Dr Sajna K.P) from Coorg Institute of Dental Sciences will be reporting to the Department of Pediatric Dentistry, Faculty of Dentistry, Hong Kong University on 26/ November (Monday) By 9 am

2. They are reaching Hong Kong on 25 / november and they are staying at Triumph Court, Hong Kong.

3. As discussed they will be at your university for two weeks, ie until 8 / December

I have asked them to meet you at your office on arrival at the university on Monday, 26 / November.

Any further instructions to be given to them ?

Await your reply.

Best wishes

Dear Prof Shanthala,

Many thanks for your update.

The arrangements are fine by us.

The Discipline's General Office is located at Room 2A16, 2/F, Prince Philip Dental Hospital, [34 Hospital Road, Sai Ying Pun \(District\), Hong Kong Island](#). They may ask the Receptionist for our exact location.

Enclosed please find a provisional visit timetable for your information and reference. Should there are any changes, I will get back to you before the end of the week.

We are looking forward to meeting with your PGs soon.

Dear Dr. Nishtha Singh,

On behalf of the Maxillofacial Prosthetics Service, Faculty of Dentistry, Mahidol University, Bangkok, Thailand. I feel immense pleasure to invite you as an exchange student for hands-on course for maxillofacial prosthetics to be held from 5th -13th March 2018 at Maxillofacial Prosthetics Service, Mahidol University, Bangkok, Thailand.

We want you to visit Mahidol University as an exchange student and enrich your knowledge about maxillofacial prosthetics. During your short training you will get the opportunity to attend lectures, observe patients and complete the laboratory hands-on steps for fabrication of different prostheses.

For any query or information you can freely contact CE course directors by email, Dr. Natdhanai Chotprasert, cnatdhanai@hotmail.com and Dr. M.L.Theerathavaj Srithavaj, t-kung7@hotmail.com. I am eagerly looking forward to welcome you to our University and our city, Bangkok. Thailand.

Sincerely yours,

Dear Dr. Linda,

Re – Coorg Institute of Dental Sciences postgraduate students exchange visit to Universitas Indonesia.

Trust this mail fetches you in good health. I hope to see you at the IDCMR at Kunming, October 18th to 19th.

I have a small favor to ask of you Dr. Shanthala, Associated Dean, International Collaboration and Net Working was in communication with Dr. Melissa for the past 3 months of our postgraduate students visiting for the ISCARD conference at Jakarta from October 9th to 10th and then to continue on an exchange visit to UI from October 10th for 2 weeks.

However, Dr. Melissa as now informed Dr. Shanthala that she lost her brother and was unable to take forward this matter. I am finding difficult to inform my students of this at the last movement.

Would you kindly help in making this visit of the two students possible.

I have herein enclosed the name and department of the students.

Name	Postgraduate Department	Tentative Date of Visit to UI if acceptable
Dr. Navneeth	Oral Medicine & Radiology	October 10 th to 24 th
Dr. Mathumathi K	Public Health Dentistry	October 10 th to 24 th

Warm regards,

SUNIL MUDDAIAH

To: <sunil@cids.edu>

Dear Professor Sunil,

9th DENTAL STUDENTS' SCIENTIFIC SYMPOSIUM 2019

The Organising Committee of 9th Dental Student Scientific Symposium 2019 would like to cordially invite you and members of your organization to the 9th Dental Student Scientific Symposium which will be held at the Faculty of Dentistry Universiti Teknologi MARA from the 9th to the 10th of April 2019.

2. The symposium, themed; 'Translating Research Evidence into Best Practice ' will be showcasing multidisciplinary research attainment from undergraduate and postgraduate students as well as national and international delegates through oral presentations and poster presentations. The symposium also serves as a platform for academics, clinicians and dental students to share knowledge and experiences in addition to international networking initiatives.

3. The **abstract submission will be extended to 13th March 2019**. Please refer to the enclosed brochure or website, <https://easychair.org/cfp/DSSS2019> for further information. Should you have any questions related to this conference, please don't hesitate to contact the conference secretariat via dsss.uitm.2019@gmail.com.

We greatly appreciate it if you could kindly extend this invitation to members of your organization.

Thank you and we look forward to your participation.

Dear Dr. Sunil Muddaiah,

As part of the academic exchange agreement between our two schools, I am delighted to inform you that **Mr. Prasertsak Padmarid**, 2nd year postgraduate student from our Residency Training Program (major in Pediatric Dentistry) would be very keen to participate in an elective course at your school in June 2018 to broaden his knowledge and skills in dentistry.

Therefore, in order to provide him with a great opportunity to experience quality dental education and practices at a prestigious institute overseas, I would like to inquire whether it would be possible for your side to accept him for the elective course for 2 weeks.

In addition, I would be most grateful if you could inform us of the most convenient dates (during June 2018) that you could allow the student to participate in the program.

Mahidol University

It is my sincere hope that you could kindly consider accepting our student as I trust that valuable experiences gained from visiting your school will be significantly beneficial to his current study as well as his working career in the future.

Thank you in advance for your kindness and collaboration. I am looking forward to receiving your favorable reply.

Best regards,

Dear Dr. Melissa,

QUEST 2019 – First call

The International Dental Educationists Association (IDEA) believes that education in dentistry should not aim only at creating capable Dental professionals but also encourage students to discover the inventor / innovator in themselves.

As part of this initiative IDEA organizes 'QUEST' an annual Dental Graduate Science Extravaganza which focuses on providing the undergraduate student a stage to showcase their scientific knowledge and talent in various fields of dentistry.

The first and second edition of this International Student Symposium ; Quest saw over 800 graduate students attending the symposium from all over the world; representing 28 Dental Schools.

The third edition of this event 'QUEST 2019' is scheduled to be held on February 28th - March 1st and 2nd 2019 at the Coorg Institute of Dental Sciences, India. It will include various competitions such as research papers and poster presentations, table clinics and quiz competitions. Please refer the enclosure for the tentative events.

This letter is an invite for under graduate and post graduate dental students from your institution to participate in 'QUEST 2019'.

Dear Sunil

Thank you for your kindness and thoughtfulness as always.

As I told you earlier, two of us (myself and a graduate school student, Dr. Tamaki Hattori) from Tsurumi will be coming to attend the Quest.

For your information, our flight schedule is as follows:

NH 843 26FEB HND-SIN 00:30-06:55

NH6412 26FEB SIN-BLR 10:15-12:15 *OPERATED BY JET AIRWAYS

NH6443 02MAR BLR-DEL 19:55-22:35 *OPERATED BY JET AIRWAYS

NH 828 03MAR DEL-NRT 01:25-12:45

*NH=ANA, HND=Haneda, SIN=Singapore, BLR=Bangalore, DEL=Delhi, NRT=Narita

As for pickup and drop, we might as well expect a 1-3 seater, might not?

Best wishes

Satoshi

Dear Prof Ibrahim

Kindly accept apologies for the delayed submission of abstracts for the Dental Students Symposium 2019 at UiTM, Malaysia

We tried submitting online yesterday, but the link was closed, request to help us in the submission of abstracts. Have enclosed 4 abstracts for presentation.

In total there are 5 participants from Coorg Institute of Dental Science.

1. Niharika T.P (Girl) I year BDS student
2. Prateeksha Kalappa (Girl) I year BDS student
3. Reinya Nair (Girl) I year BDS student
4. Dr Nainan (Boy) Postgraduate student
5. Dr Cyble Melinda Sequeria (Lady) Research Assistant, Department of Biochemistry

Please let me the Registration fees amount, so that we can send it with our students. They are planing to be in UiTM from 7 th - 12 th April .

Await your reply.

Warm regards

Dr Shanthala

Certificate

This is to certify that Prof. & Head Veena S. Narayanan from Coorg Institute of Dental Sciences has successfully completed her academic visit to Tsurumi University, School of Dental Medicine, Yokohama to deepen her specialty, oral medicine and radiology, during the period from April 2 through April 14, 2018.

During her stay, her main focus was on the research and clinical activities conducted by Prof. Kaoru Kobayashi in his Department of Oral and Maxillofacial Radiology and Diagnosis. She also had chances to relate her specialty to three additional specialties by visiting and discussing research-wise with Prof. Kazuhito Satomura of Department of Oral Medicine and Stomatology, Prof. Yasuo Yamakoshi of Department of Biochemistry and Molecular Biology, and Prof. Ichiro Saito of Department of Pathology.

Certificate of Participation*

Dr. Yeshoda T. G.

This is to certify that Dr. Yeshoda T. G. attended a postgraduate training course at Tsurumi University School of Dental Medicine during the period from February 6 through February 17, 2017. She displayed great interest and enthusiasm throughout her attendance and interacted very well with our students, doctors and staff members.

To fulfill her intended study objectives, Dr. Yeshoda T. G. participated in observations and discussions in three departments of ours: Department of Oral Medicine, Department of Oral and Maxillofacial Radiology and Diagnosis, and Department of Pathology. We were also impressed by her eagerness to learn much of Japanese culture by visiting various places and events including a visit to the head office of GC, a dental material company during the extracurricular hours.

It has been our great pleasure to have Dr. Yeshoda T. G. visit our Institute. We wish her well in her future career.

Results of Travel Award (JITMM 2017)

Dear Dr. Bhakti Sadhu,

Congratulations, you have been selected to receive a travel award for JITMM2017!

The annual Joint International Tropical Medicine Meeting (JITMM) will be held 6 – 8 December 2017 at the Amari Watergate, in Bangkok. JITMM is an opportunity for leading researchers in the field of Tropical Medicine to share their findings and ideas and to build relationships with colleagues from around the world.

The Meeting theme this year is "**Tropical Medicine 4.0: Effective Collaboration for an Impact on Global Health**". We chose this theme to highlight the need for researchers and practitioners to think and act innovatively in order to solve Global Health problems. Many of the sessions this year will focus on the benefits of collaboration and inclusion and the importance of turning research into sustainable solutions. Through this 4.0 lens we will cover topics, breakthroughs, and updates that are relevant across the tropical world.

Based on your abstract the Travel Award and Scientific Committees have chosen you to give a poster presentation* (**Scientific Committee is currently reviewing your abstract whether you will give a poster presentation **and** a turbo talk. We will confirm thru email not later 31 October if you are also going to present for a turbo talk and include the instructions).*)

The rectangular poster-board surface area is 90 cm wide x 180 cm high. An appropriate poster size, therefore, is **85 cm wide x 150 cm high**. All poster presentations at the JITMM2017 will be considered for the Poster Presentation Award.

Please let us know if you will be attending JITMM2017 before October 20th 2017.

As a travel award winner you are entitled to –

1. Complimentary JITMM2017 registration
2. Reimbursement of your actual costs of airfare and 4 nights' accommodation costs up to **18,200.00THB**

Name	Transportation (Economy-class airfare)	Accommodation	Total
Dr. Bhakti Sadhu	Actual cost that not exceed your proposed of 10,200.00	Actual cost that not exceed your proposed of 8,000.00	Actual cost that not exceed your proposed of 18,200.00

Please be sure to read the notes and instructions at the end of this letter.

JITMM2017

Joint International Tropical Medicine Meeting 2017
at Amari Watergate, Bangkok, Thailand, 6-8 December 2017

For more information about the event, please visit www.jitmm.com . If you have any questions about your travel award, feel free to get in touch by email.

We look forward to welcoming you to Bangkok this December.

Yours sincerely

Prof. Dr. Srivicha Krudsood
Chair, Scientific Committee Meeting, JITMM2017
Tel: +66 (0) 2354 9100-4, ext 1524 & 1525; Fax: +66 (0) 2306 9125
Email: jitmm@mahidol.ac.th

Instructions for reimbursement:

1. On 7th December, go to the Registration Desk between 8.30am and 12pm.
2. Hand in the following documents –
 - photocopy of your passport
 - economy-class airfare receipt
 - airfare ticket or e-ticket
 - your boarding pass to Bangkok
 - receipt for payment of your accommodation (*receipt must have your name on it, should you share a room with someone, your names should be on the receipt*)
3. You will receive reimbursement in Thai Baht up to your awarded amount.

Visas

- You may require a visa to enter Thailand
- The JITMM Secretariat will help you obtain a visa by providing a Letter of Invitation
- If you are not able to obtain a visa, you are no longer eligible for the Travel Award

Gujarat, India.

Dear Bhakti,

I am writing to invite you to attend Public Responsibility in Medicine and Research's (PRIM&R) **2016 Advancing Ethical Research (AER) Conference**. The meeting will be held at the Anaheim Convention Center in Anaheim, CA, USA on November 13-16, 2016.

About PRIM&R

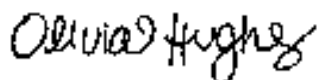

PRIM&R works to support human research protections programs and other institutional ethics committees in the discharge of their responsibilities by providing educational and networking opportunities, publications, membership activities, and annual conferences. Our meetings have come to be widely acknowledged as consistently high-quality forums packed with current information, exceptional access to the faculty members, and networking at every turn.

About the AER Conference

The AER Conference is expected to draw 2,500 people from around the world. Topics will include regulatory updates, adverse event reporting, accreditation, stem cells, international research, IRB/principal investigator relationships, the use of tissue and data, and a full complement of sessions devoted solely to social, behavioral, and educational research issues. Nowhere else are ethics, research administration, science policy, and regulatory requirements so seamlessly blended. This conference has helped attendees learn about new approaches to everyday problems, develop strategies for making their work more effective and efficient, and recognize and celebrate the importance of their role in protecting human subjects. Additional information on this meeting can be found online at www.primr.org.

I truly hope that you will be able to join us in Anaheim this November. If you have any questions or need further assistance, please feel free to contact Olivia Hughes via email at ohughes@primr.org or by telephone at 617.370.8363.

Sincerely,

Olivia Hughes
Program Assistant

Results of Travel Award (JITMM 2017)

Dear Dr. Bhakti Sadhu,

Congratulations, you have been selected to receive a travel award for JITMM2017!

The annual Joint International Tropical Medicine Meeting (JITMM) will be held 6 – 8 December 2017 at the Amari Watergate, in Bangkok. JITMM is an opportunity for leading researchers in the field of Tropical Medicine to share their findings and ideas and to build relationships with colleagues from around the world.

The Meeting theme this year is "**Tropical Medicine 4.0: Effective Collaboration for an Impact on Global Health**". We chose this theme to highlight the need for researchers and practitioners to think and act innovatively in order to solve Global Health problems. Many of the sessions this year will focus on the benefits of collaboration and inclusion and the importance of turning research into sustainable solutions. Through this 4.0 lens we will cover topics, breakthroughs, and updates that are relevant across the tropical world.

Based on your abstract the Travel Award and Scientific Committees have chosen you to give a poster presentation* (**Scientific Committee is currently reviewing your abstract whether you will give a poster presentation **and** a turbo talk. We will confirm thru email not later 31 October if you are also going to present for a turbo talk and include the instructions).*)

The rectangular poster-board surface area is 90 cm wide x 180 cm high. An appropriate poster size, therefore, is **85 cm wide x 150 cm high**. All poster presentations at the JITMM2017 will be considered for the Poster Presentation Award.

Please let us know if you will be attending JITMM2017 before October 20th 2017.

As a travel award winner you are entitled to –

1. Complimentary JITMM2017 registration
2. Reimbursement of your actual costs of airfare and 4 nights' accommodation costs up to **18,200.00THB**

Name	Transportation (Economy-class airfare)	Accommodation	Total
Dr. Bhakti Sadhu	Actual cost that not exceed your proposed of 10,200.00	Actual cost that not exceed your proposed of 8,000.00	Actual cost that not exceed your proposed of 18,200.00

Please be sure to read the notes and instructions at the end of this letter.
